**Subject:** Regarding internship opportunity

Dear Sir / Madam,

Greetings from Meenakshi Mission Hospital & Research Centre (MMHRC),  
Madurai, Tamil Nadu, India!

We are pleased to announce an exciting opportunity for students and professionals to participate in our comprehensive internship programs. MMHRC, a renowned charitable healthcare institution with over 1200 beds and multi-specialty departments, is dedicated to fostering medical education and volunteerism.

Our hospital has a rich history of partnering with international organizations and educational institutions to offer students, professionals, and volunteers unique opportunities to gain practical experience and insight into the Indian healthcare system. Some of our notable collaborators include Smile Train (USA), Projects Abroad (UK), Travellers Worldwide (UK), South India Term Abroad (USA), University of Iowa (USA), American International Medical University (USA), Grand Medical Center (USA), and Burrell College of Osteopathic Medicine (USA) Queen Mary University of London.

Our internship programs offer hands-on experience in various clinical, non-clinical, and para-clinical settings. We also provide opportunities for volunteers to engage in diverse activities such as providing companionship to patients, performing arts and crafts, raising funds, and sharing medical expertise under the guidance of our consultants.

MMHRC is committed to providing a meaningful learning environment that allows participants to apply their knowledge practically, gain international experience, and develop skills in various sectors. This program also offers a unique cultural exchange experience, enhancing the interns' understanding of health-seeking behaviors and patient roles in India.

To facilitate these programs, MMHRC provides accommodation and meals at a nominal cost, making it feasible for participants to stay from one day up to one month.

We believe that your participation in our internship program will be mutually beneficial and contribute significantly to your professional development. For more information, please visit our websites [[www.mmhrc.in](http://www.mmhrc.in)](<http://www.mmhrc.in>) and [[www.srtrust.org.in](http://www.srtrust.org.in)](<http://www.srtrust.org.in>).

We look forward to the possibility of working together and creating a meaningful impact in the field of healthcare and medical education. Please feel free to contact us for further discussions or any additional information.

**Thank you for considering this opportunity**

With Regards
